

GVCSS' Community Clean Up at Jericho Beach

June 2011 - Nearly 30 GVCSS employees and clients, including CEO Ron McLeod and Community Living resident Ken L., volunteered at the GVCSS Green Team's Community Clean Up at Jericho Beach on Tuesday, June 28. The group picked up over a dozen bags full of litter with tongs and garbage bags provided by the City of Vancouver through their Keep Vancouver Spectacular program.

As a token of appreciation for the volunteers' hard work, the Green Team provided sandwiches and goodies which were enjoyed by all after the clean up. There was also a prize draw: Congratulations to Isabel Sum, Director of Home Support Operations, for winning a gift card to Whole Foods. The group's contribution was also recognized by many beach goers who personally thanked GVCSS volunteers for their efforts.

The GVCSS Green Team would like to thank all the volunteers who participated and showed their commitment to keeping our environment clean.

The Green Team is a committee made of GVCSS employees working together to strategize and implement ways in which GVCSS can reduce its carbon imprint and protect the environment.
