

Employee Recognition Open House 2011

October 2011 – GVCSS honoured its employees' contributions over the agency's 40 year history at the Holiday Inn on October 18, 2011. Over 100 GVCSS employees attended the event which celebrated the dedication and hard work of its professional care giving staff on provincially recognized Health Care Assistant Day. Special recognition was given to employees marking 10, 15, 20, 25 and 30 years of service in 2010 and 2011. Employees were treated to a reception-style buffet and cake, and were each given a copy of the 2011 GVCSS Report to our Community. Speeches were made by Board President Lynn Carter and program directors Diana Hill, Isabel Sum (both Home Support) and Melanie Mendonca (Community Living), all thanking GVCSS employees for their tireless commitment to quality care of our clients and their community. CEO and GVCSS founder Ron McLeod also gave a poignant speech recognizing the agency's 40th anniversary, including stories from days gone by. The evening was capped with a surprise presentation to Ron of a memory book and slide show commemorating his own 40 years of service to GVCSS and the community.

Home Support employees enjoying the event.

Community Living employees celebrate together.

GVCSS Board members and Executive management.
