

GVCSS is Awarded Community Living Life Skills Contract

April 2011 - GVCSS is pleased to announce that GVCSS has been selected by Community Living British Columbia (CLBC) as a preferred provider for the provision of life skills services in the municipalities of Surrey and Delta. Our Agency looks forward to the opportunity afforded to us by our funding authority to deliver services to individuals with developmental disabilities that will enable their learning of life skills and provide for enhanced inclusion within their communities.

Special kudos to Melanie Mendonca, Director of Community Living, for her active pursuit of this new contract which created an expansion in the scope of services our Agency provides in the Community Living Program.
